TIPS FOR COMPLETING THE ESNAPS APPLICATION

Unallowed Changes

Renewal project applications must conform to the approved FY 2023 Grants Inventory Worksheet (GIW) posted at https://tpch.net/about/nofa-documents/fiscal-year-2023-coc-nofo/.

- No changes to the number of units, beds, or persons served from prior year application and GIW.
- No changes to budget lines from the GIW.

If budget changes are needed, this must be accomplished through the amendment process after grant award.

COMMON PITFALLS

Indirect Costs: If the project intends to apply an indirect cost rate or claim de minimis indirect costs for the FY 2023 CoC project award, this must be indicated in the applicable application and applicant profile screens. If applying an indirect cost rate, the organization's current federally negotiated indirect cost agreement must be attached to the project application.

Indirect costs may only be claimed on costs included within the organization's direct cost base and must be applied within the appropriate budget line items (e.g., supportive services, operating, administration).

Match Requirements: Matching funds are required for all CoC and YHDP projects. Match letters must be signed between August 1 and August 25, 2023, attached to the project application, and include the following details:

- Grant Name and PIN
- Date range for which funds are available: 1 year beginning first day of the grant period.
- Specific source and type of funds (e.g. Government, CDBG)
- Dollar amount of commitment: Must be 25% of federal funds (excluding Leasing funds)
- Specific use of funds (e.g., project staff salary, office supplies, etc.)

Match Letter Template provided at https://tpch.net/about/nofa-documents/fiscal-year-2023-coc-nofo/.

Transition, Consolidation, and Expansion

SPECIAL
CONSIDERATIONS
FOR RENEWAL
APPLICATIONS

TRANSITION GRANTS

Transition grants allow an existing project to change to a new project component (e.g. changing a transitional housing project to permanent supportive housing). Unlike traditional reallocation, the transition grant allows a 12-month transition period during which the project begins operating under the new type while closing out services under the original type.

Transition grants will be evaluated in the same fashion as a renewal grant but the applicant must submit a new project application indicating that the project is created through the transition of an expiring CoC renewal project.

If you use the transition grant process, you cannot consolidate or expand a project that is transitioning.

GRANT CONSOLIDATION

May consolidate 2-10 renewal projects of the same project component (e.g. combining 2 or more rapid rehousing projects into one project).

Applicant submits renewal applications for each project indicating that the project is part of a proposed consolidation (no separate new project application required).

If each renewal project is selected for funding and the organization meets basic eligibility criteria for consolidation (positive prior performance, adequate financial management, etc.), HUD will award the renewals as a single consolidated project.

HUD uses a standard formula to calculate the start date of the new consolidated project to ensure that there is no lapse in funding for the consolidated projects.

GRANT CONSOLIDATION

Benefits	Concerns Identified by Some Organizations
 Reduces number of separate grant agreements between agency and HUD resulting in: Fewer monitoring submissions Fewer programmatic and financial reports Fewer grant applications Increased flexibility for spending within the larger consolidated grant budget resulting in: Fewer grant amendments Fewer issues related to balancing expenditures between multiple projects Reduces overall administrative burden for organization. 	 Will consolidation create a lapse in funding if grants start on separate years? No – there is a standard process for calculating the start date of consolidation grants and does not result in a funding lapse. But what if a large consolidated project goes in Tier 2 and is lost? TPCH uses a performance-based scoring process for the NOFO and prioritizes projects for funding based on performance, continued need, and community priorities. If a project within your organization is low-performing, consider all options to improve performance or reallocate the project.

EXPANSION PROJECTS

As described on page 15 of the <u>FY 2023 HUD NOFO</u>, the expansion process can be used to add funds to a project to expand its current operations by adding:

Units

Beds

Persons served

Services provided to existing program participants

OR: in the case of HMIS, increase the current HMIS activities within the CoC's geographic area

Expansion for DV Bonus:

DV Bonus funds can ONLY be used to expand an existing renewal project if the expansion project is dedicated to survivors of domestic violence, dating violence, sexual assault, or stalking who quality under paragraph 4 of the definition of homeless at 23 CFR 578.3

If DV Bonus is submitted, ONLY the new project expansion will be considered for DV Bonus funds, and HUD will only select a new DV bonus project that expands an existing renewal project if HUD conditionally selects the renewal project in Tier 1 or Tier 2

HOW TO SUBMIT VIA ESNAPS

CONSOLIDATION

Submit individual renewal project applications

Indicate terminating and surviving grant numbers

EXPANSION

Submit renewal project

Submit new project for expansion

• See detailed instructions for new projects and New Projects Pre-Proposal Webinar

Tips for eSNAPS Submission of Consolidation and Transition Projects

Consolidation Grants: If applying for a grant consolidation, you must:

- Indicate that the grant will be part of a consolidation on the Renewal Consolidation screen.
- Identify the surviving grant number for the consolidation (this is the grant with the earliest end date in Calendar Year 2024).
- Surviving PIN: First 5 digits of the grant number (e.g. AZ000) with the earliest end date in Calendar Year 2024).
- Terminating PIN: First 5 digits of all other grants included in the consolidation.

Expansion Grants: If the applicant is separately submitting a new project application to expand the eligible renewal grant, the applicant must:

- Indicate that the renewal grant is submitted as a "Stand Alone Renewal" and complete the Expansion table.
- Create a separate new project application for the expansion funds requested indicating that the grant is submitted as a "Stand-Alone Expansion" and complete the Expansion table.
