

2024 Tucson / Pima County Point in Time Count Summary

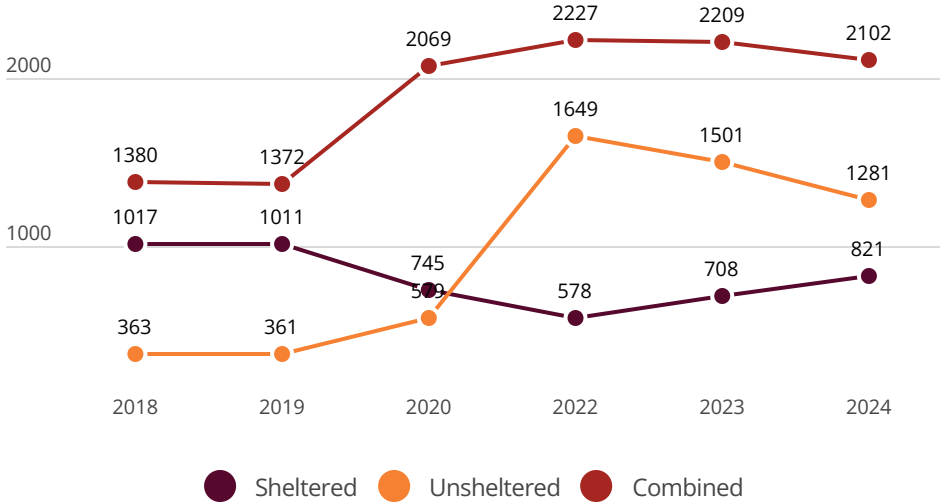

These Point in Time Count results provide an overview of homelessness within the region, with total counts of all persons experiencing homelessness on the night of January 24, 2024 in Pima County, Arizona. Full detail of the data submitted to the U.S. Department of Housing and Urban Development is also available at <https://tpch.net/data/hic-pit/>.

Preliminary data demonstrates a decrease in the incidence of unsheltered homelessness. There are some factors that could have contributed to this, including high levels of rain this week that were accompanied by flood warnings and freezing conditions, causing some unsheltered residents to seek safety outside of the normal areas where people experiencing unsheltered homelessness regularly congregate. A fuller analysis of this data is forthcoming.
