Each matrix includes demographic information as they relate to three areas of priority diversification within the Continuum of Care (leadership of persons with lived experience of homelessness and housing instability, diverse sexualities and genders, and Black, Indigenous, and other people of color). The matrices also reflect each candidate’s reported areas of expertise in the areas established as priorities for each elected body through the TPCH Committee Composition Operating Policy.
- Page 24 - Candidate Statements of Interest: Statements of interest are provided for all candidates seeking election for the CoC Board and/or Committees. Candidate statements are organized in alphabetical order by last name. This information is an exact copy of the candidate’s statement. No edits have been made prior to publishing.
- Page 44 – TPCH Standing Committees: The standing committee overview provides a brief description and highlighted responsibilities of each committee.
- Page 48 - Ballot Quick Reference: The Quick Reference is a resource provided to help voting members select candidates to elect with consideration for the overall representation of individual organizations and people within the CoC’s elected bodies. Voting members are encouraged to elect a diverse representation of CoC Board and Committee members that reflect the variety of organizations, sectors, and roles that comprise our coalition.

## VOTING INSTRUCTIONS

Only one ballot may be cast for each TPCH voting member identified in the membership roster. Multiple votes from the same agency will not be accepted.

No individual may serve on more than two elected bodies of the Continuum of Care (CoC Board + 1 Committee, or 2 Committees).

No agency may have more than two representatives seated on any elected body. If an agency has two elected representatives, each representative will have one vote on all actions taken by the elected body.

**All ballots must be cast online no later than 11:59pm on Tuesday May 23, 2024.

## TUCSON PIMA COLLABORATION TO END HOMELESSNESS (TPCH) COMMITTEE CANDIDATES – EXPERTISE & DIVERSITY MATRICES

The tables that follow identify all candidates applying for membership in one or more TPCH committees during the 2024-2025 TPCH planning year. Per the TPCH Governance Charter and TPCH CoC Committee Composition Operating Policy, the TPCH General Council shall elect persons to fill a simple majority of the seats on each committee not reserved for persons with lived experience of homelessness within the past five years. Remaining seats shall be appointed by the TPCH Continuum of Care Board.

In casting your votes, members of the TPCH General Council are encouraged to make choices which reflect the values and direction of the Continuum of Care:

- As part of our commitment to improving equity within the local homelessness response system, TPCH seeks to improve diversity in CoC leadership bodies through increased participation of people of color, LGBTQ+ people, and people with lived experience in CoC decision-making roles.
- TPCH is a broad-based coalition of non-profit service providers, government agencies, local businesses, faith communities, and community volunteers working together to prevent and end homelessness. We strive to build committees that reflect this diversity and encompass the entirety of our community's efforts to prevent and end homelessness.
- HUD Continuum of Care Program funds are just one part of our community's approach to ending homelessness and our leadership bodies should reflect the full breadth of services, funding streams, and approaches to this important work.

As a reminder, the following guidelines must be followed in casting your vote for TPCH committee members:

1. Organizational members may cast only one vote per entity.
2. No individual may serve on more than two committees (or one committee if the individual is also elected to the CoC Board).
3. No organization may have more than two individuals seated on any one committee. If two individuals from the same organization are seated on a committee, both will be eligible to vote on committee matters.

### NOTES

There are five tables below, one for each of the TPCH committees elected by the TPCH General Council. Each table identifies committee candidates, primary organizational affiliation, whether the entity receives HUD Continuum of Care Program funding, and self-identified areas of expertise as they relate to the specific expertise sought for each committee and outlined in the TPCH CoC Committee Composition Operating Policy.

The table additionally includes a self-reporting of three characteristics identified as priorities in improving diversity and equity in TPCH decision-making:

- Lived experience of homelessness and/or participation in housing subsidy programs during lifetime
- Lesbian, Gay, Bisexual, Transgender, Queer, Gender Non-conforming/non-binary, and other people of diverse sexualities and genders
- Black, Indigenous, Hispanic/Latinx, and other People of Color
- *Currently seated committee members are included, even though they are not candidates. Please consider their place in the wider committee member candidate matrix. Currently seated candidates are in grey, while those running for election are in beige.*

<b>Reason(s) Interested in Joining the CoC Board or Committee:</b>	I would like to join so that I can understand the fundamentals of homelessness and a consistent key of how to consistently help people get into employment, housing and ultimately back into the community as a community member and to be able to show everyone the way to the promise land, whatever that looks like from one's perspective. I feel helping and giving back is by doing it from where the person is at currently. I don't think that making them start all over or following ones guiding principles is for everyone and I would like to have the opportunity to make this program worthy and friendly for ALL. A dream of sorts, with a lot of prayer.
